

RISK ASSESSMENT - Covid-19

Educational Setting	Newnham Croft Primary School
Activity / Task	COVID-19 Risk Management Assessment
Completed by & Date	Andy Matthews updated 15 th September 2020
Review Date	Reviewed weekly and ongoing where necessary

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
Social Distancing on the school site for everyone (Physical controls)	All – through spreading the virus by close contact/exposure to infected people	<ul style="list-style-type: none"> Entrance to designated teaching zones will be via external doors for specific groups of children. Staff members will open these doors for children. These external doors will also act as emergency fire evacuation exits and should be kept clear of obstacles at all times. Perspex screen fitted to spaces where there is high volume proximity contact with the public. This will initially be at the front foyer. This will be cleaned daily as part of a new cleaning regime. In internal corridors the doors will be kept open, with the exception of the front security door. There will be sanitiser stations at either side of this door. A one way system will be employed for access to the school site. This will utilise 	<p>Perspex screen will be fitted to the food server. This will be cleaned daily by the kitchen team.</p> <p>Parents will be directed to drop-off waiting zones specific to each teaching group. Reception, Reception/Y1 and Y1 to the tree by the Reception play area, Year 2, 4, 6 to the field, Year 3 and 5 to the playground, Year 6 will be expected to bring themselves to school maintaining 2 metre social distancing.</p> <p>Parents will be encouraged to arrive just before the published drop off time for their child. If they have two drop off times for two different children they may wait in a quiet part of the grounds or move to their second drop off location. School will make drop off times 10 mins apart to support families.</p> <p>Priority must be given to disabled users and those identified as having health related issues.</p>	AM, AJ and staff team	Sept 7th	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<p>both school gates, with an in and an out gate. These will have clear signage and use barriers to control the flow.</p> <ul style="list-style-type: none"> Staff / parent meetings will be conducted if appropriate in a quiet outdoor space maintaining 2 metre social distancing where possible or at least 1m+. If possible parent meetings will be conducted over voice or video calls. If a meeting is of a confidential nature and privacy is required then the meeting can be conducted in either the music room, Y1/2 cloakroom or the heads office with 2 metre social distancing. Priority will be given to disabled users and those identified as having health related issues. They will be assisted to enter the school through the hall. 	<p>Parents will be advised to walk children to school if at all possible. If a child cycles, we ask that cycles are locked with no more than four people locking their bikes at any one time and waiting parents and children keep social distancing outside the cycle park entrance.</p> <p>Outdoor learning zones will be split into 6 areas with temporary fencing. In addition the forest school area is also available.</p>			
Outdoor fixed play equipment and the tree houses		<ul style="list-style-type: none"> These structures will not be available to be used at the start and end of the school day by children waiting for school. 	<p>The structures in the island area, the outdoor gym and the slide in the Reception play area will be used again. Use will be for one bubble on any one occasion. Pupils will only be allowed to use such structures if they sanitise their hands immediately before and after use. Use will be limited to maximum of two bubbles a day (one in session time and another for breaks).</p> <p>Regular touch points will be cleaned at the end of each day.</p>		7 th Sept	Yes

RISK ASSESSMENT - Covid-19

Social distancing for adults on the school site (not school staff)	Parents and children – through spreading the virus by close contact/exposure to infected people	<ul style="list-style-type: none"> Adults arriving on the school site will have been informed of where their waiting zone is located and reminded to keep 2 metre social distancing while on the school site. No parents will be allowed inside the school building unless utterly essential, when access will be via the front entrance. Parents will be requested to keep interactions at the office brief and to the point to limit long queues forming. Sanitiser stations will be located at either side of the front entrance door to help quick exiting without adults using the same station. Parents will be encouraged to leave the school site quickly. Signage and stewarding will show adults where to wait. Expectations will be communicated to parents prior to the start of term in September. Parents wishing to visit the school office will be asked to queue in a one-way loop starting from the clear 2 metre spaced markers from the front entrance gate along the side of the hall to the front door into the foyer. Only one parent will be buzzed into the foyer at a time and when they leave they will follow the one-way exit route past the preschool and exit using the preschool gate. Parents will be asked to wear face coverings whilst in the foyer. 	<p>The start and finish times of the school day will be staggered to support the safe flow of people onto the school site. Different groups will start at 10 minute intervals to each other. Initially we will only require 3 staggers (8.40, 8.50 and 9.00) with corresponding finish times of (3.10, 3.20 and 3.30).</p> <p>Intake times will be: 8.40 – Rec/Y1, Y2, Y3 – 3.10 8.50 – Rec, Y4, Y5 – 3.20 9.00 – Y1, Y6 – 3.30</p> <p>Reception parents will be directed to by the outdoor reception space and children admitted from there. Reception parents will leave their children to enter the classrooms from the outdoor area themselves and will not accompany them into the class rooms. A member of staff will come outside to receive children so that, as far as possible, the child is welcomed and guided through the threshold by a trusted adult.</p> <p>Outdoor activities will be set up for our new Reception children to engage with on arrival early in the term, so as to ease the separation from parents. A bench will be provided in a quiet space for parents to take a child to if they are distressed on arrival. Staff will assist them to come in and will guide them by the hand, but not bend down to their level and become very close. They will wash their hands immediately after this.</p>	AM and staff team	Sept 7 th	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
Lack of social distancing during playtime and lunchtime resulting in direct transmission of the virus	All – through spreading the virus by close contact/exposure to infected people	<ul style="list-style-type: none"> There will almost always be an outside space available for each teaching class bubble. Bubbles will not mix during the school breaktimes. Reception pupils (and those in Rec/Y1) will have the sole use of their outdoor area. Which has been divided into two halves. Reduced playtime equipment – to those with hard surfaces that can easily be cleaned. Staff supervision throughout – actively encouraging social distancing between bubbles. Children access classroom via outside classroom door (unless unavoidable). 	<p>Lunch and play times will be staggered in their delivery</p> <p>Meals:</p> <p>Reception in hall 11.50 -12.20 then outside until 1pm</p> <p>Rec/Y1 in hall 12.00 -12.20 then outside until 1pm</p> <p>Y1 outside from 12.00 – 12.30 then lunch in hall</p> <p>Y2 outside from 12.00 – 12.40 then lunch in hall</p> <p>Year 3 and 4 meals delivered on trolley at 12.15 then 12.30 -1.20 outside</p> <p>Year 5 collect lunches 12.30 outside hatch from 12.45 to 1.30</p> <p>Year 6 collect lunches 12.40 outside hatch 12.55 to 1.30</p> <p>Timetabling of all of our outdoor spaces will be created to avoid two bubbles in the same space.</p> <p>All groups will be provided with allocated outdoor zones for playtime and lunchtime.</p> <p>The outdoor locations will include; two ends of the school field, the cage, the upper playground, lower playgroup, and the island area and outdoor gym. All demarked by temporary fencing.</p>	AM, AJ and lunch team	7 th Sept	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
			<p>Lunchtime supervision staff will keep 2 metre social distancing too during the staggered lunch break.</p> <p>Transition down corridors will only be one at a time for using toilets or medical attention or for assemblies supervised by teacher, or for KS1 lunches supervised by an adult. For these transitions children will be asked to not touch door frames, walls etc.</p>			
Social distancing for school staff and other controls	Staff and children – through spreading the virus by close contact/exposure to infected people	<ul style="list-style-type: none"> At all times school staff must keep 2 metre social distancing between each other if possible or at least 1m+ for very short times. Staggering of the school day will limit footfall in spaces such as the staffroom and toilets. Access to each of the school adult toilets will be strictly one at a time. With staff cleaning any areas touched with suitable sanitising wipes. Teaching staff are to keep (where at all possible) a 2 metre distance between them and their teaching group or at least 1m+ for short periods. Face coverings and masks will not be mandated for staff (unless dealing with a suspected Covid-case, (see managing 	<p>Access to the staff room will be limited to four at a time (maintaining social distancing). Staff will be asked not to linger here and to return to their teaching space to consume drinks, use suitable sanitising wipes to clean everything they touch whilst in there. A hand sanitiser station will be located in the staffroom too.</p> <p>Staff will work across no more than two teaching bubbles unless under specific circumstances.</p> <p>Peripatetic staff can work with the children inside the building, but only if they follow the associated risk management protocol. They may also conduct sessions outside or via video link.</p> <p>On entering rooms staff will knock before entering to allow time for staff close to doors to move away.</p>	AM and staff team	Sept 7 th	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<p>suspected infections below), providing intimate care, cleaning or preparing food), but staff feeling more comfortable wearing them can do so if they wish. They can bring face coverings or visors from home if they so wish. This should not be at the expense of following social distancing guidelines.</p> <ul style="list-style-type: none"> • Re-usable face coverings and PPE should be thoroughly cleaned after use and not shared between staff. • Staff will ensure that they wash their hands regularly or use sanitiser. This should be done immediately on arrival at the school and at regular intervals during the day. • Staff to keep their own cups and cutlery in their teaching space and wash them up themselves in those spaces, not the staffroom. • Coats and other items of clothing are kept in their teaching spaces. • It is not encouraged that face coverings are required outside, however staff wishing to wear them if they wish may do. 	<p>Staff will be encouraged to bring drinks into school themselves (flask of hot drink or a water bottle) to limit the need to visit the staffroom, coffee and tea facilities will be provided by the kitchen through the external window.</p> <p>The kitchen will provide tea and coffee facilities via their outside window.</p> <p>If an activity cannot avoid social distancing of at least 1m+ for the teacher then it should be reconsidered or the staff member wear a face covering or mask or visor.</p> <p>Where closer than 1 metres proximity working for staff is required for longer than 15 minutes, assess the need to instruct and issue employees with appropriate Personal Protective Equipment.</p> <p>Staff should be aware that close contact that will require self-isolation for staff if a pupil in the bubble contracts the virus is defined by PHE as people who:</p> <ul style="list-style-type: none"> • had face-to-face contact of any duration (less than 1 metre away) with the case or • were coughed or sneezed on by the case or • had unprotected physical contact (skin to skin) with case or • Spent more than 1 minute within 1 metre of the case or 			

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
			<ul style="list-style-type: none"> spent more than 15 minutes within 2 metres of the case or travelled in a car or other small vehicle (even on a short journey) 			
Social distancing for pupils on the school site	Staff and children – through spreading the virus by close contact/exposure to infected people	<ul style="list-style-type: none"> We will encourage as many activities to take place outside as is possible, in line with government guidance. Should pupils repeatedly break social distancing with adults then the head should be informed and a conversation had with parents regarding whether they should be in school at this time. If a child is found to be spitting, then the pupil will be spoken to, and the area sprayed. If this happens repeatedly the head will have a conversation with the parents regarding whether they should be in school at this time. Face coverings for pupils for very specific situations, where social distancing is simply impossible, could be used if reasonable endeavours have been made to socially distance an activity have attempted or are likely to fail. Pupils might choose to use their own face covering for certain times during the day or for transit to and from school. School staff will be mindful that only pupils who understand the correct use of a face 	<p>Pupils will be allocated to a small and consistent teaching group. This will consist of one class. They will stay in this group and with the same consistent adults for the duration of the term. These groups are fixed once set and can be added to for new pupils. New pupils may need to isolate for a period if moving from another school for a set time.</p> <p>Within the rooms allocated to each class, tables will be separated as much as is feasible and all facing the same way. Pupils will be allocated a designated workspace.</p> <p>We accept that from time-to-time pupils will naturally (and without fault) break adult social distancing requirements with adults. Staff are to respond proportionately to these events and take reasonable endeavours to encourage wider spread group play or active learning.</p> <p>Toileting will be strictly one at a time to toilets allocated to each class. All classes will have a labelled toilet and sink allocated to each class bubble. Children will be advised to sanitise or wash</p>	AM and staff team	Sept 7 th	Yes

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<p>covering should do so, otherwise they cause more harm than good. School staff will talk to any children in this situation and ensure that they understand how to use them correctly.</p> <ul style="list-style-type: none"> The use of face coverings will not be encouraged for children with a respiratory condition. 	<p>their hands before and after use and use the available sanitiser wipes to clean where they have touched. This will be monitored by a staff member in Reception. Hand driers will be available and paper towels provided with a bin.</p> <p>Pupils will be reminded to maintain the 2 metres distance from the teacher's teaching position, or at least 1m+ for the younger children.</p> <p>Reception pupils will have the sole use of their outdoor area, which will be partitioned between the shed and the school diagonally.</p> <p>Good respiratory hygiene will be stressed with all groups.</p>			
Cleaning	Cleaners or any pupil or staff member in school getting infected by the virus from touching	<ul style="list-style-type: none"> All class spaces will be cleaned at the end of each day. The cleaning regime will be focused around all hard surfaces and anywhere that pupils or staff could have left virus on a smooth surface. Particular areas of focus in class and communal areas and at touch points will include: Taps and washing facilities, Toilet flush and seats, Door handles and push plates, Cupboard handles and doors, Trays, 	<p>The school's in-house cleaning team will carry out a deep clean before staff and pupils return to school in September.</p> <p>If someone in school has tested positive with covid-19 then any area/room they have accessed should be secured for 72 hours then undergo a thorough clean.</p> <p>Ensure the COSHH risk assessment for cleaning/caretaker activities has identified the correct process and PPE to be worn.</p>	AJ, cleaning team supported by staff	Sept 7 th	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
	unclean surfaces	<ul style="list-style-type: none"> • Large equipment and equipment controls, • Telephone equipment, • Keyboards, photocopiers and other office equipment, • Classroom desks and chairs. • Staff will be supplied with suitable sanitising wipes, cleaning spray and disposable cloths and gloves for keeping touched items spot cleaned during the day. • Cleaners to wear appropriate PPE including face masks if they are cleaning up liquids. • Additional cleaning time will be planned for to maintain high standards in classrooms. • There will be frequent inspections of cleaning by the headteacher and the Health and Safety governor. • All items (aside from the personal basic school kit) will be spray cleaned or wiped with a suitable sanitiser after use. • In Reception and Year 1 classes, items which are hard to clean after use by a child will be sprayed with cleaning solution, and placed into a quarantine area for 72 hours until it can be used again. Items used in the reception play spaces will be used within a social bubble, 	<p>Easy to clean outdoor play equipment will be cleaned once used, by children dropping it at the outdoor cleaning station located under the trees between the two playgrounds and the field space.</p> <p>Soft furnishings and soft-cloth toys will be removed from classrooms as this equipment that is hard to clean.</p> <p>ICT suite will be used for one week Mon to Thur by each a single year group and then another will use it the week after. All year groups will have access across a half term.</p> <p>Classes will use the ipads, which will be wiped with an appropriate sanitary cloth after use.</p> <p>Cleaning of outdoor fixed play equipment will be conducted at the end of the day.</p>			

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<p>with children sanitising their hands before and after use. These items will be cleaned in Milton at the end of the day.</p> <ul style="list-style-type: none"> Staff can report the school to the Health and Safety executive if they feel that safeguarding measures are not being adhered to. Staff are also encouraged to inform senior school leaders if there is a slip in standards. 				
Infection from classroom items and marking work	Staff and pupils could pick up the virus from handling items with the virus on them	<ul style="list-style-type: none"> All doors and windows will be opened prior to the start of the school day to maximise ventilation and air flow. All pupils will hand sanitise on entry to the class space first thing in the morning and after every period outside. The basic guidance on hand and respiratory hygiene will be regularly reinforced during the day. One teaching group will consistently use the same classroom with the same adults (unless unavoidable). Children will keep their water bottle on their table and take it home each night to be refilled, as this will limit the number of times children will need to touch the taps. Coats will be stored on the backs of chairs at their workspace to avoid social gatherings in cloakrooms. 	<p>School will provide pupils with their own set of basic school kit, for them to retain at their classroom designated workspace. This will limit pupils moving around the room. This kit will consist of a set of colouring pencils (Yr-3), writing pencils (and pen for Y5, 6), scissors, ruler, rubber, pencil sharpener, whiteboard, whiteboard pen and any books in use. These will be kept in a tray by their workspace.</p> <p>Sets of equipment such as this will be split into multiple small trays for individual use.</p> <p>Safety of water play will be improved by adding soap and creating a bubble/soapy water play area.</p> <p>Pupils will be allocated tables for formal work inside. These will all face the same way towards the teacher.</p>	AM, AJ and staff team	Sept 7 th	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> Teachers will mark a two metre teaching zone to ensure their social distancing. Interaction with digital screens will be by the teacher only. In reception class areas the following will not be used: soft toys, anything which will be difficult to clean. There will be no passing out or collecting of books after the initial distribution on the first day. Children should be encouraged to use personal whiteboards for carrying out appropriate work. This can be shared at a distance to the teacher. Work conducted in books will where possible be self-marked. If work requires marking teachers will do one of the following: Provide verbal feedback Sanitise their hands before and after marking Wear gloves for marking Keep books for 48 hours prior to marking Teachers will base their decision on the need for the immediacy of feedback Teachers may choose to provide feedback on individual whiteboards and pass them to the pupils. 	<p>Pupils will keep in-school reading books in with their personal kits and change them by putting them into a box to be quarantined for 48 hours. Home reading books returning from home will be placed in quarantine too.</p> <p>Teachers will sanitise hands before passing out books or resources to the children or collect in work.</p> <p>Sand areas can now be used within bubbles.</p> <p>When choosing home reading books pupils will choose three or four at a time to be taken home in their book bags. This will be done from a box of books kept in the classroom or from a class display of books. Teachers will assist the children in choosing books in a way that limits the need for children to touch multiple books.</p> <p>Book bags will be allowed to come into school on a daily basis but kept at the children's workstation.</p> <p>Reception class work, that a pupil wants to share, can be shown to the teacher from a distance and then placed in the child's own personal tray to be viewed later.</p>			

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
PE sessions	Infection from close contact or from sharing sports equipment or changing.	<ul style="list-style-type: none"> If children in a teaching group engage in PE activity, they should avoid shared resources if possible. Items will be for the sole use of that child during the activity if at all possible (ropes, balls, sticks, bats, rackets, gym mats, etc.) Alternatively these must be cleaned immediately prior to use as well as the children's hands. Teachers will need to make a decision on which equipment is easiest to build into sessions and to account for cleaning time required at the end of sessions. Pupils should be reminded that if they touch an item used by someone else they should avoid touching their face and go to a sanitiser station as soon as possible or wash their hands. Pupils should be wearing active wear. Pupils will not be able to bring in a change of clothes for PE. Robust hygiene regimes will be followed before and after PE lessons or physical activity breaks. Children and adults wash their hands with soap and water for 20 seconds before and after activity or use of hand sanitiser. Do not allow sharing of drink bottles or bibs etc. 	<p>All resources should be spray cleaned or wiped after use. For some equipment used in a lesson, there may be value in wiping down surfaces during activities. Items should be taken to the outdoor resources cleaning area after use.</p> <p>Premier sports coaches assisting with sessions will keep all elements of this risk assessment in mind in planning and delivering sessions. School staff will liaise with Premier sports to achieve this.</p> <p>Premier Sports coaches will not be working in another school on the days they are in working with children at Newnham.</p> <p>Extra-curricular sports activities can be offered, but different class bubbles must not mix within sessions.</p> <p>First aid kits to be carried and contain both gloves and face masks (not FFP2 grade), hand sanitiser and a disposable apron.</p> <p>Clear, visual signage in open spaces will remind students to stay apart and wash their hands.</p>	Premier sports staff, staff team	Sept 7 th	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<ul style="list-style-type: none"> Avoid using Whistles unless in emergencies. Use non-verbal cues, or clapping signals for gaining attention 				
Swimming sessions	Infection from close contact or from sharing sports equipment or changing.	<ul style="list-style-type: none"> Re-educate both swimmers and parents/carers of the importance of pool safety in a Covid-19 environment. This will also include water safety information. Staff teaching sessions will follow the guidance on handwashing and social distancing prior to, during and after sessions. School teachers and teaching assistants that are internal to the bubble can replicate the same procedures through swimming lessons as they do in the classroom. When delivering swimming lessons swimming teachers that are external to a school bubble should adhere to government guidance on social distancing. Prior to a lesson ensure that staff at the pool have followed protocols for cleaning of all equipment. All equipment should be sanitised before and after each activity. When delivering school swimming lessons teachers and assistant teachers should deliver from the poolside. Aim to use the same equipment throughout to reduce the likelihood of 	<p>Swimming teachers should be aware of the number of personnel on poolside to give effect to social distancing. Consider the overall pool layout and where practical, each swimming teacher to deliver from alternate sides of the pool. Avoid overlap of patrolling on poolside whilst delivering.</p> <p>Consider the school class year group bubble that is attending the lesson and how they will need to be split into correct ability groups. Sessions will only happen with one bubble at a time in the pool.</p> <p>Allow time in between activities for cleaning and changeover of pupils. To avoid clustering ensures different entry and exit points of your pool for all swimmers where possible.</p> <p>At swimming pools, separate school changing areas should be made available. Where this is not possible, and 'village-style' changing areas are used, attendance at the pool at different times to the public may be requested. Failing this, schools should request that students are provided with a section of the changing area specifically for their use, away from that being used by the public.</p>	Leys Pool and school staff	21 st Sept	

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<p>cross-contamination between pupils and staff.</p> <ul style="list-style-type: none"> Equipment should be cleaned in-between use. Submerging equipment in adequately disinfected swimming pool water will reduce the risk of transmission of enveloped viruses. Equipment that cannot be sanitised in the pool should be appropriately cleaned between activities. This should include surfaces in high traffic areas such as handrails and towel hooks. 	<p>Teachers should prioritise delivering the climb out over the side exit rather than using the steps where possible.</p> <p>Allocate one set of equipment per teacher/school for the duration of lessons.</p> <p>Don't allow pupils to share equipment and allocate afloat per pupil at the start of the lesson.</p> <p>No loaning of goggles, hats and equipment by the pool setting.</p> <p>Make suitable adjustments for swimmers with Special Educational Needs and/or a disability or health condition in a Covid19 compliant environment.</p>			
Music lessons and singing	Risk of transmission through blown airborne virus or touching instruments.	<ul style="list-style-type: none"> For singing activity, including class work (and assemblies, when allowed), 2m distancing is necessary. A well-ventilated room, large enough to maintain 2m distancing, will usually suffice for singing, with everyone facing the same way. Consider singing outdoors if you can. The risk of airborne transmission is thought to be significantly lower in the open air but be aware of wind direction for both the singers and the leader. Please keep in mind the wind direction when singing 	<p>For ensembles and groups involving pupils from several bubbles, sessions will need to be delivered online where required.</p> <p>Where 2m social distancing is not possible, to accommodate 1m+ with 15 min max will be used, to allow for the crossover encounter potential between pupils attending lessons to be removed and to allow time for cleaning surfaces/hand hygiene. Therefore a normal 20 minute individual session slots are structured with 15 min contact time after which the pupil returns to class. The</p>	AM, KO	Sept 7 th	Yes

RISK ASSESSMENT - Covid-19

What are the hazards?	Who might be harmed and how?	What are you doing already?	What further action is necessary?	Action by whom?	Action by when?	Done
		<p>outside and get the children to sing with the wind behind them.</p> <ul style="list-style-type: none"> In class, they should remain at least 2m from the nearest singer. For any other singing, particularly where it is led by an external tutor, the person leading the singing and any accompanist should be minimum of 3m from the front row. They may want to consider a plexiglass screen. Staff will be expected to use hand-gel/handwashing facilities in school regularly throughout the day and particularly when travelling between settings or different bubbles. Pupils should be encouraged to do the same before and after activities, particularly where instruments are used (see below). We anticipate that at the end of a session, surfaces will be cleaned and our tutors will wash hands or resanitise them. 	<p>remaining 5 min will enable the tutor to prepare for the next session, ventilation of the room with door and window open, surface cleaning, hand sanitisation and session notes write up. This reduces the encounter in corridor issues or waiting outside the room in a corridor, pupils do not have to touch the door if open when they arrive, the cleaning and air changeover can be maximised without disturbance and the contact time if 2m separation is not possible is limited correctly.</p> <p>If piano tutors cannot maintain current recommended social distancing and see students' hands, they may need to ask the school to rearrange the room but they should not move pianos or other furniture on their own initiative. For the tutor to demonstrate, the student will need to move at least 1m away from the piano. Cleaning keys before and after each change of player is recommended.</p> <p>Woodwind and brass tutors should insist on proper cleaning and drying of instruments at the end of lessons but should not allow students to blow or tip water out of instruments in the teaching room. Newspaper, paper towels (or anti-bacterial paper) or pots containing detergent should be provided for venting of water keys and players should</p>

RISK ASSESSMENT - Covid-19

General staff and pupil advice on limiting the spread of coronavirus in the Educational Setting

Government advice is clear PPE, including facemasks should be taken into account where employees could be put at risk. The use of such PPE does not replace or reduce the need to follow the government guidance in relation to hygiene practices

Frequently clean and disinfect objects and surfaces that are touched regularly, using your recommended cleaning products.

- Wash your hands with soap and water often – do this for at least 20 seconds.
- Use hand sanitiser gel if soap and water are not available.
- Staff and Pupils should wash their hands as soon as they get to school and when they arrive home, after they blow their nose, cough or sneeze, before they eat or handle food.
- Cover mouth and nose with a tissue or a sleeve (not hands) when you cough or sneeze.
- Put used tissues in the bin immediately and wash your hands afterwards.

Handwashing techniques advice can be found [here](#)
